The politicians of the district were very unhappy with him because he was very honest and truthful, and he used to always pay the taxes honestly while they had been tampering with the taxes. One day he was even injured badly after he was attacked by some goons who tampered with his taxes and even killed him. The killer was caught and he was sentenced to death, and the district administration was very happy and satisfied with the court's verdict. That's when they decided to make the best use out of the assassination attempt on the killer and declared that the next year the killer would be declared as the MLA of the district and he would get a chance to prove himself as the best politician in the district. The Killer was actually a Congress MLA named Vishwas Chaudhary who had planned to create a rift between the alliance of the chief minister and the BJP by the killing of Kabir Singh Saab. But it seems that Kabir Singh Saab was a better politician than Vishwas Chaudhary, and he managed to unite the congress and the BJP alliance and bring them together as one force, because Vishwas Chaudhary was a traitor to both the alliances and was responsible for the killing of Kabir Singh Saab. The killing was ultimately a lesson for Vishwas Chaudhary that honesty is better than falsehood and it is better to play with a few cards and not everyone. And it seemed that Vishwas Chaudhary would understand the truth sooner or later. The assassination attempt of Kabir Singh Saab was a very big success for the Congress and BJP, and the huge amount of publicity that was provided for Vishwas Chaudhary was a greater motivation to the people of the district of India to vote for the BJP. Vishwas Chaudhary became the MLA and won the elections with a massive majority in the district. And it seemed that the Chief Minister was 82157476af
